NPA distribution list

Subject: NPA-FCL 28 (JAR -FCL 3) - Medical

The proposals in the above NPA developed by the Licensing Sub-Sectorial Team – Medical and accepted by the Licensing Sectorial Team. They have been received by the Central JAA, and are sponsored by the Licensing Director.

The associated documents are available under the JAA web site at www.jaa.nl, see : http://www.jaa.nl/publications/current_npa.html

NPA Content

NPA-FCL 28 proposes predominately editorial changes, changes to procedures and ophthalmological requirements. It also addresses cardiovascular, digestive systems, hearing requirements and the procedures of the medical examination. The NPA removes the Manual of Civil Aviation Medicine from JAR-FCL 3 to become a stand-alone document.

General

The NPA is the standard JAA procedure for consultation with the aviation community. In addition to this JAA process the National Authorities may also perform their own consultation.

The objective of the NPA consultation is to inform interested parties of the current position and to receive comments on the draft. This means that the draft text is not necessarily the final text.

The JAA Committee expects that within the above perspective your organisation will participate efficiently in the NPA consultation. Your organisation is now invited to consider the NPA and submit comments by 1 May 2006. If no comments from your organisation by that date your agreement will be assumed.

F. Woods
JAA Licensing Director
